

Saviorless Steam Game Code Redemption Instructions

Congratulations on receiving your Steam game code for Saviorless. To obtain and play the game, you will need to install Steam. Below are step-by-step instructions to install Steam, redeem your code, and get the game. Saviorless is available for Windows, MacOS, and Linux users.

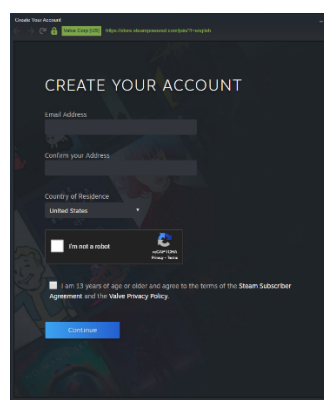

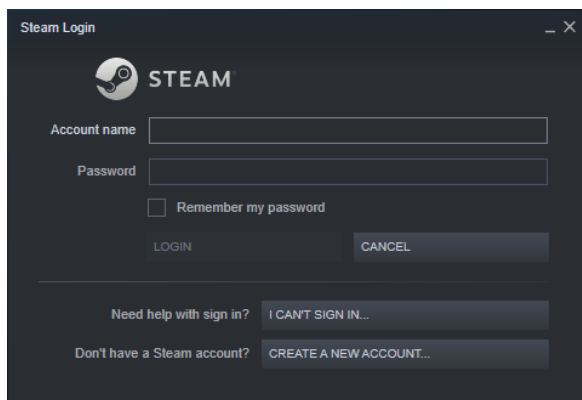

Step 1:

If you are a first-time Steam user, go to <http://store.steampowered.com/about/> and then click on the “**Install Steam**” button to begin downloading the free Steam installer.

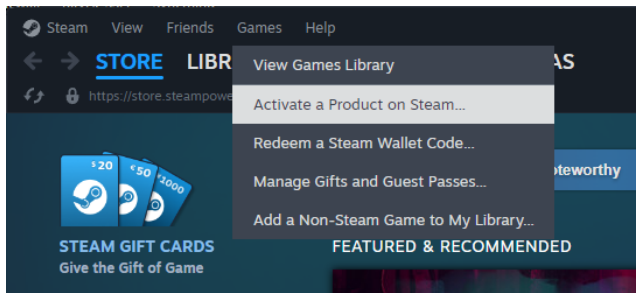

Step 2:

Save the Steam Install file to your computer. Run the “**SteamSetup.exe**” application to install Steam and follow the on-screen instructions to successfully install Steam on your PC/Mac/Linux.

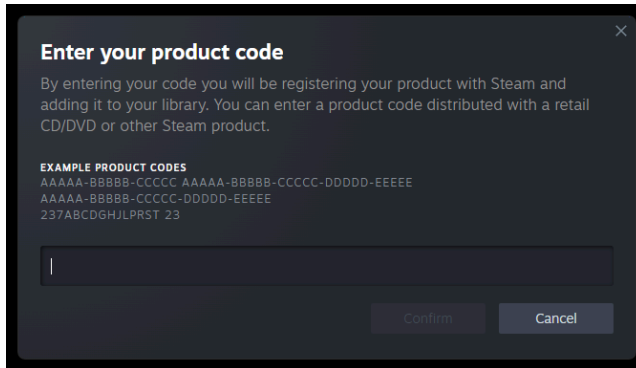

Step 3:

Launch Steam and **Login with your credentials**. If you don't have an existing Steam account, you will need to create one.

Step 4:

From the Steam Dashboard, click the “**Games**” tab at the top, then click the “**Activate a product on Steam...**” button at the bottom.

Step 5:

Enter the **unique Steam Key** you received via an email from us in the Product Code field. Internet connection and acceptance of the Steam Subscriber Agreement are required for activation. See <http://www.steampowered.com/agreement> for details
