## Saviorless Steam Game Code
Redemption Instructions

Congratulations on receiving your complimentary game code for Saviorless Demo. To obtain and play your demo, you will need to install Steam. Below are step-by-step instructions to install Steam, redeem your code, and get the game. The game is available for Windows and MacOS users.
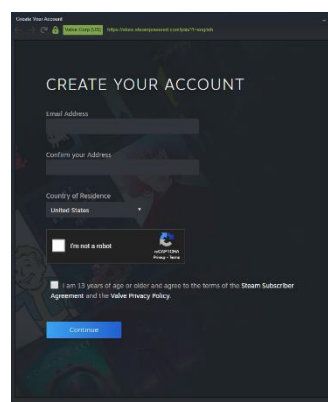

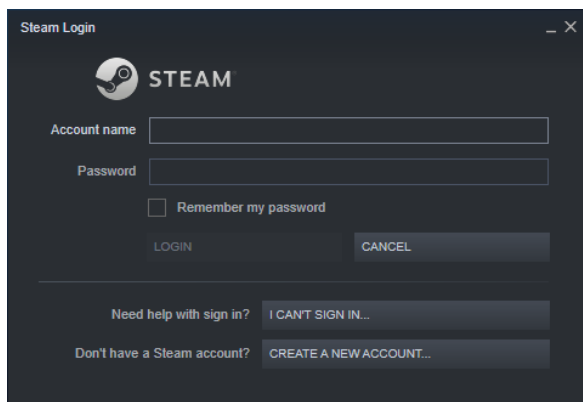

Step 1:

If you are a first-time Steam user, go to http://store.steampowered.com/about/ and then click on the **"Install Steam"** button to begin downloading the free Steam installer.
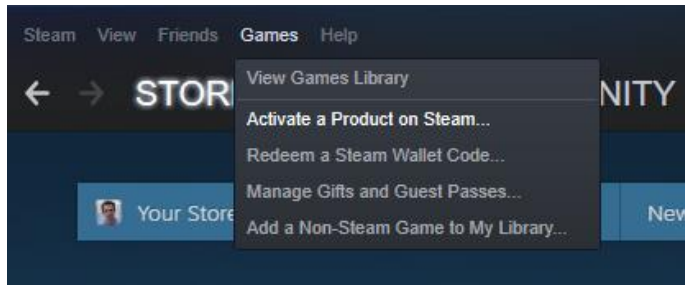

Step 2:

Save the Steam Install file to your computer. Run the **"SteamSetup.exe"** application to install Steam and follow the on-screen instructions to successfully install steam on your PC/Mac.
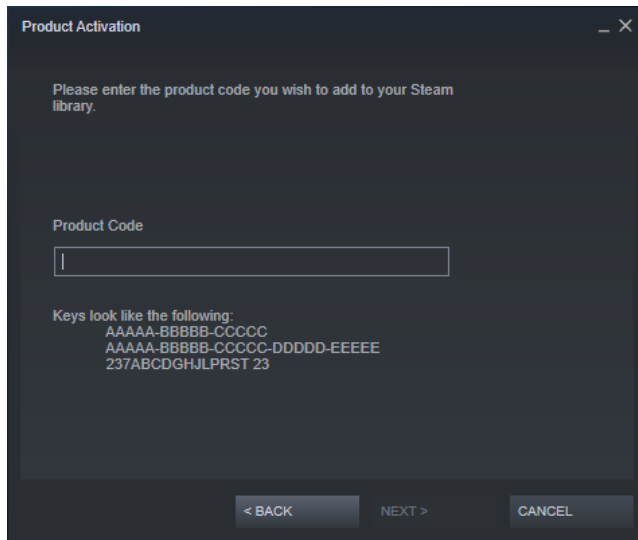

Step 3:

Launch Steam and **Login with your credentials**. If you don't have an existing Steam account, you will need to create one.

Step 4:

From the Steam Dashboard, click the "**Games**" tab at the top, then click the "**Activate a product on Steam…**" button at the bottom.

Step 5:

Enter the **unique Steam Key** you received via an email from us in the Product Code field. Internet connection and acceptance of Steam Subscriber Agreement required for activation. See http://www.steampowered.com/agreement for details

We want to hear your feedback!!! You can press the M key in-game to send us a message and screenshot, reach out to us with via email backers@saviorless.com or/and:
